I am homebound with a huge yarn stash and I occupy my time by making and gifting cloths and potholders and other small items. I saw one of the cloths in this book on Ravelry and fell in love with it. The first place I looked for the book was on Amazon and I found a used copy for a very reasonable price. The book arrived with only one small fold on a corner and I am very pleased. I've already made two cloths from the book and plan to make them all! 0 of 0 people found the following review helpful. Color-Splash Dishcloths By Dana R. Stone Nothing better than Knitted or Crocheted wash clothes. They are great in the kitchen as well as the bathroom. They are quick projects and great gifts as well. 3 of 3 people found the following review helpful. Loved these dishcloth patterns By Gretchen

DillonI have knitted several of these patterns and enjoyed seeing the finished products. I plan on including some of them in a bridal shower gift! They look lovely!

Add a splash of color and a dab of fun to your kitchen chores with these 15 knit dishcloths. They're great for shower gifts, and you'll want to make extras to keep on hand for wipe-ups. Cotton worsted weight yarn ensures absorbency and durability.
