ExcitedBy Marjorie I've been waiting for a while to purchase this book but for whatever the reason (price, did not have time to commit to knitting an afghan), I always put it back on the shelf. But when I saw the price and I saw a lady knitting one of the afghans, I couldn't pass it up. I'm still not committed to knitting an afghan but I like that most afghans (and I hope I am correct in saying this) doesn't require using two strands. I live in the South and it's just too hot (a) to knit and (b) to give to someone who lives in the South. But many of the patterns are timeless and a fun. 12 of 12 people found the following review helpful. great collection of

afghansBy M. PollerThe pictures of the projects can all be found on Ravelry. Some afghans are challenging which I have come to expect from the Berroco design team. Others are easy for all skill levels. Yarns can all be easily substituted. The variety here is pretty amazing and very different from the usual afghan book. Both crocheters and knitters are in for a treat with a total of around 50 patterns. Certainly a bargain.1 of 1 people found the following review helpful. many wonderful patterns for making beautiful blanketsBy Michelle PrzybylowskiWow, many wonderful patterns for making beautiful blankets. My children ordered a few of the blankets. Looking forward to knitting. The directions are interesting .

For many of us, afghans are the epitome of comfort. Colorful and inviting, they are a staple of the home, without which a living room or bedroom just wouldn't feel complete. And whether you're making one for yourself, as a housewarming gift, or to welcome a new baby into the world, the process of creating a handmade afghan can be as rewarding as the finished product. *Comfort Knitting and Crochet: Afghans* features 50 patterns for these cozy blankets, made with Berroco Comfort yarnan affordable, ultra-soft acrylic/nylon blendand designed by the Berroco team, headed by Norah Gaughan. The book includes something for everyone: The designs range from ultra-modern to traditional, from spare to embellished, and are inspired by sources as varied as Scottish tweeds, Japanese Ikat, and Delft pottery. Intended for knitters and crocheters of every skill level, this collection brings new life to the well-loved and versatile afghan.
