Developing the imagination with writing and art is a great way to encourage youth to find their path. Comic Kids will

bust boredom when on the road or at home. Take this activity book along on your next road trip or when hanging out. Create comics, short stories, newspaper articles, and even some puzzles. You will hear less complaints such as "are we there yet" or "There is nothing to do" when you have this book in your library or car.

About the AuthorMoose Malone and Mossy Moose Media have joined paper and pen to produce great children's books that will entertain and educate the young reader. From Amazing Snakes, My Personal Zombie and other books Moose works to provide readers interesting and challenging books to encourage imaginations and creativity.
