**Chuck Patterson : Commercial vegetable insect, disease and weed control in Oklahoma - 1988 (Circular / Cooperative Extension Service, Division of Agriculture, Oklahoma State University)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Commercial vegetable insect, disease and weed control in Oklahoma - 1988 (Circular / Cooperative Extension Service, Division of Agriculture, Oklahoma State University):

Lists of insecticides for vegetable crops, delineating what insects they work on, waiting periods for safe harvest/consumption and instructions for handling of product if harvested within a certain amount of time of treatment.
