The techniques were explained and demonstrated in photos very well. I came across this book at the library and checked to see if I could purchase it on and I was able to

do so. Very happy I purchased it!1 of 1 people found the following review helpful. it is okayBy Angela C. Moore-rompreyI learned a couple of new things from this author. I especially enjoyed learning to create new ways to make stamps and stencils.0 of 0 people found the following review helpful. Stamping techniquesBy D. BloorExcellent book. Just as described. Fast shipping. Good price. Would recommend seller.

This rubber stamping guide has step-by-step photographs and finished pictures of every stage of each technique and project. It covers the basics, from choosing the right stamp, paint or ink, to embossing and embellishing techniques and making your own stamps. A 300 motif design library is included.
