It is a full color book which is great and the photos are closeups so detail is easy to see. It is a great addition to my collection of netsuke books.0 of 1 people found the following review helpful. A beautiful and informative book!By E. F.A spectacularly beautiful and informative book. If you like Japanese art and history, this is a must book to own.1 of 1 people found the following review helpful. Contemporary Netsuke great readBy A GA great reference book although only 80 pages. Contemporary Netsuke is packed with very good photographs and description for each.This book is a great read for lovers of Contemporary Netsuke with artist directory and object and symbol listings.We use this reference book for reference in our store and our web site.Enjoy this book!
