MillerHandy guide to doing it right in your garden. Good information to set you on the right path to a viable herb garden. No regrets, I do recommend growing your own veggies and herbs, to avoid GMOs (Genetically Modified Organisms) which are bad for our health! Grow organic and be healthier!4 of 4 people found the following review helpful. Sound adviceBy Michelle McKeethi have been, like most who would read this, been dealing with weeds for years. This pamphlet reinforced what i have been doing and provided great suggestions for other control methods. I appreciated the logical presentation and down-to-earth advice.
