**From Brand: Ortho Books : Controlling Weeds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Controlling Weeds:

Mine AgainBy Rev. bIGHIGHad this book years ago, and lost it somewhere over various moves. I love these old Orthos, having several. Now we may not be big on the recommended chemical attacks on weeds these days, but the book is useful in identifying unwelcome yard and garden intruders via photos and descriptions. It's a good addition to your gardening shelf. Grab one if you can still find it.
