There were neat ideas in this book but they were all very girly. My son loves perler beads, but he was hoping for some more unisex ideas than what is given, but the only unisex ideas are on the cover. All the rest is jewelry. At least some day when he likes a girl, he will have some ideas of things to make for her.

review helpful. Terrific!By IndeliblePoetIf you love working with peeler beads, you will love this book! It gives you detailed information and several project patterns with detailed instructions. Great for kids and adults, but some of the projects are intermediate level.Enjoy!0 of 0 people found the following review helpful. Really coolBy Fluffy PonyThese crafts are amazing considering that I am fairly new to peeler beading and I have only made the basic shapes. So these crafts will definitely be a fun challenge!

In this fun collection of easy makes, you will find fuse bead patterns, designs and ideas for a wide range of items from stunning jewellery such as necklaces, earrings, bracelets and rings, to home decor items such as coasters, a photo frame, a garland, a clock and even a lampshade that will have you seeing Hama Beads in a whole new light!
