0 of 0 people found the following review helpful. Great, fun, easy, and inexpensive projects for your family
By Customer
This is a great little book with a variety of craft projects for Minecraft enthusiasts. None of the materials involved are overly expensive, and all of the projects are well within the capabilities of the average person, except perhaps for the crochet. However, I already know how to crochet, so that will not be an issue for me. These are fun and simple projects and will be fun to do with the kids. I would totally recommend this book.

By cathi a cieplenksi
Great book! My son is a huge fan of Minecraft and while searching on for stuff to buy for Christmas I stumbled upon this book. Being that his birthday is in February and the theme will be Minecraft, I just had to buy it. When I received the book in the mail, I couldn't wait to open it up and check out all the crafts. I'm so glad I found this book.
0 of 0 people found the following review helpful. My 8 year old nephew loved it.
By Britt.eph6
I have never seen not cared to know anything about minecraft. All I know is my nephew loves it. I wanted to get him something minecraft that would actually get him away from the tv screen for awhile. This was a huge hit. I don't know anything about it other than he loved it.

Bring your Minecraft adventure to life with easy-to-make craft projects! Use this imaginative book to create instantly recognizable toys, jewelry, wearables, and accessories, based on one of the most popular video games of all time. Author Choly Knight shows you how to quickly make real-world versions of all your favorite Minecraft characters and game elements, using only a few basic craft supplies. The blocky-pixelated graphics of Minecraft are perfect for so many different kinds of crafts. Inside you'll find 15 fun step-by-step projects for perler beads, duct tape, paper crafting, sewing, and crocheting. So get in "creative mode" and celebrate the limitless possibilities of Minecraft!
