David R. Montgomery : Crafts and Skills of the Native Americans: Tipis, Canoes, Jewelry, Moccasins, and More before purchasing it in order to gage whether or not it would be worth my time, and all praised Crafts and Skills of the Native Americans: Tipis, Canoes, Jewelry, Moccasins, and More:

1 of 1 people found the following review helpful. HIGHLY RECOMMENDED!By Deb BrewThis is a great resource

book, plainly written and easy to follow with nice hand drawings. Now I will find a hard copy to add to our vast collection of American Indian history. My Spouse demonstrates many of the listed skills for the local community and schools. This will make a great gift for him, and a source material to recommend to inquiring minds. We live in Cherokee Nation.6 of 6 people found the following review helpful. Even at the price it was disappointing.By 1 NMEMainly a book of illustrations identifying Native American artifacts. I was expecting a more of a how to or at least a list of materials typically used. If it were free I may not be disappointed or if I had no expectations at all.0 of 0 people found the following review helpful. An OK bookBy LPLThis book can be better if it has more detailed drawings and photos of the things it is showing us how to do and a better understanding what it means when showing how it's done.

Crafts and Skills of Native Americans is a fascinating, practical guide to the skills that have made Native American famous worldwide as artisans and craftsmen. Readers can replicate traditional Native American living by trying a hand at brain tanning, identifying animal tracks, or constructing a horse saddle. Readers can even make distinctive Native American beaded jewelry, a variety of moccasins, headdresses, and gourd rattles. Native American style is unique and popular, especially among young people, historians, and those with a special interest in the American West.

About the AuthorDavid R. Montgomery was born in Tucson, Arizona. He earned a B.A. degree in Art Education at Southern Utah State College. While teaching high school art courses, he completed an M.A. in the same field from the University of Utah in 1976.
