By LuvKimono I am sorry to say this but the Kindle version of the book is almost unusable. I purchased all three of these books by Kathy Shaw in Kindle format. They are photo reproductions of the original book that are very nearly unreadable. If you want to buy this book please purchase the paper version. 0 of 0 people found the following review helpful. Excellent review of ribbon work for crazy quilters By spinster I had Beyond the Basics, but her other two books are superb! Really cover the actual creation of a crazy quilt. I strongly recommend this book for anyone who is interested in crazy quilting. 2 of 2 people found the following review helpful. I loved the book By thelma bonfiglio-lucas I loved the book, I have vol. 1 also which has material from Kathy Shaw's online class. she is featured in Kitty me Designs. the book is the next level of Crazy quilting a real learning manual.

Crazy quilting is a type of patchwork that includes embellishments on the seams, patches, and borders. This embellishment always includes embroidery and often includes other elements. The Crazy Quilt Volume series examines these types of techniques in more depth. The Volume I: Beyond the Basics focused on the design aspect of planning a project and broadly discussed enough embellishment techniques for a novice to create a crazy quilt. This book, Volume II: Ribbon Embellishments contains designs and instructions for several types of ribbon techniques. The best known in the Crazy Quilt area would be Silk Ribbon Embroidery. However, this book goes beyond the standard Victorian style clusters of flowers and instructs on using ribbon to create miniature gardens, samplers of floral stitches, several types of monograms in ribbon, seams that can include ribbon components, stitching over fabric images with ribbon, and creating ladies with beautiful ribbon skirts on their dresses. Plus so much more! You can review the authors work and sign up for free crazy quilt classes at her blog on shawkl.com The next two books in this series will be dedicated to thread embroidery work and dimensional types of embellishments.
