9 of 9 people found the following review helpful. great pictures and easy to follow directionsBy Robin C. ArenbergI've worked in the floral business for 10 years and found this book to have tips for the professional and projects which were easy enough for a novice to understand and attempt.That being said floral work is not easy and anyone thinking of doing their own wedding flowers should do a dry run six months or so before their wedding. See if you can make a bouquet, a corsage or a boutonniere. It is not as easy as it looks. The pictures are beautiful which is

what I look for in a craft book. This is a good book to have in your floral design library. It is filled with many ideas that most people can do with practice. It is also reasonably priced. I also liked this book enough to give it as a Christmas present to a florist friend. 0 of 0 people found the following review helpful. Good for People Looking for Flowers By Jeff Moriarty Great book. Was looking at this for my wife for our wedding. Had a great selection of pictures and helped us with choosing the flowers we wanted to go with on our wedding day. If you are getting married its a great book to have. 0 of 0 people found the following review helpful. Five Stars By Readytogo85 Great condition and nice book to generate inspiration from.
