Creating Layers in Mixed Media Art By Gloria I found the book "Creating Layers in Mixed Media Art" very clearly defined and illustrated, especially to those just starting out. Showing how blending colours and building layers on the canvas gave a wonderful outcome and brought much confidence to me. The variety of techniques shown in the book broadened my world of creating something wonderful out of nothing, and this is how creativity works. Among some of the topics Michelle Brown (the author) touched on were working with mediums, stamping with rubber stamps, credit card lines, stencilling, embellishments, working

with Ephemera and dry-brush gesso applications. I recommend this book to those at all levels of Mixed Media. I enjoyed Creating Layers Tutorial very much and I hope to view many more of Michelle's in the future. 0 of 0 people found the following review helpful. creating layers By Tom Diamante great book to learn creating layers customer service is the best and shipping was as soon as it released and I am waiting on Fall 2013 next book to release have pre ordered it our acct in Prime with my hubby Tom I am Margie great book 1 of 1 people found the following review helpful. Great Intro! By Susan P. Has easy to follow instructions -- a great starter book for those new to mixed media/collage art. I think it is a good "jumping off" point!

Part of creating mixed media art, whether its bringing together a mixed media painting, a collage or making a background, is about creating layers. Sometimes these layers flow; other times we need to stop and think, to find alternatives that stretch our artistic ventures. Here we will explore a range of methods and techniques that can help in creating layers in your mixed media art. When you are up to your elbows in paint and glue and dont know which way to turn, we have summarised all of the methods and techniques into a Whats Next?!? table. Look at the materials and tools you have on hand and see which techniques can be used.

About the Author Michelle G Brown is passionate about mixed media art and enjoys sharing her knowledge and techniques with you to allow you to express your own creativity. Michelle understands that many of us have an inner need to create. By learning a few basic techniques the amazing world of mixed media art is accessible to everyone!
