Eleanor Levie : Creations in Miniature: 101 Tiny Treasures to Stitch Craft before purchasing it in order to gage whether or not it would be worth my time, and all praised Creations in Miniature: 101 Tiny Treasures to Stitch Craft:

0 of 0 people found the following review helpful. Great ideas and projects for you miniature house!By KarenCrafty dollhouse miniaturists will find most all the items in this book can be used for your doll house. The jar lids make great seat, bench and footstool covers. There is even a little clock that can be used. The crazy quilt is precious. I really like the book and would recommend it to anyone who are visionary in their quest to make their doll house unique!20 of 23 people found the following review helpful. creations in miniature: 101 tiny tresures to stich and craftBy A CustomerIf you are a dollhouse enthusiast and enjoy making miniatures this book is not for you. There is a limited amount of projects that pertain to this (dollhouses) area.

These diminutive projects mostly require only an evening to complete. They use a range of techniques - beadwork, cross-stitch, embroidery, free-motion stitchery, needlework, polymer clay, ribbonwork, rubber stamping and

stencilling.
