If you are not familiar, they give the very best instructions from the subscription BeadsButton Magazine for the entire calendar year. I have been a subscriber for years, and love to keep the magazines handy as well, but to have the very best of the ideas and instructions in one handy place is indispensable. The instructions are always quite clear and easy to follow, and you don't generally have to worry about not having or being able to get the particular beads needed. If nothing else, Fire Mountain will have what you need a a good price.0 of 0 people found the
