Great designsBy Through a Golden EyeI have many, if not all, of Debbie Bliss' books. there is a lovely jacket in here that inspired me to spring for the Rialto Chunky and and get started, and I am sure there are others that I will make as well. Be aware that many are intermediate to advanced projects, combining cables, garments construction techniques and design features that a beginner will have trouble doing without help.0 of 0 people found the following review helpful.
