Film containers, tupperware, magnetic key holders, sheesh! I was hoping for some "creative" containers and only find two or three that I would call creative.5 of 5 people found the following review helpful. Didn't really learn anything newBy Myles VilloriaI was

hoping that this book would show me a variety of creative containers but it was a let-down. The containers that they review are very common ones - how to stick a match tube in a child's toy; using a utility plate; etc.2 of 2 people found the following review helpful. Three StarsBy Suzanne E BarnesNot bad, but definitely a beginner's book.

NOTE: This book has been updated and replaced by "Easy Geocaching: Simple Cache Containers" by Vince Migliore. The new book includes an easy introduction to geocaching. This book presents projects and ideas for making outstanding containers and hides for geocaching. It is a how-to guide for building creative containers. If you love geocaching, then sooner or later you will want to make a contribution to the hobby by creating an enjoyable experience for others.
