**Anna Elizabeth Draeger : Creative Designs Using Shaped Beads** before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Designs Using Shaped Beads:

5 of 5 people found the following review helpful. Great patternsBy Janet L. CooperI am a bead stitch addict, but wasn't having much luck finding interesting patterns for some of the new shaped beads. This is a great book with well designed instructions10 of 11 people found the following review helpful. I wish I could have seen the inside.By C. KinseyNot a whole lot I was interested in. I like using the czech bricks, super duos, seed beads, and crystals. Although there are designs in this book for those beads, I did not like any of the patterns. I would advise going somewhere the book is sold and thumbing through it first.2 of 2 people found the following review helpful. lovely booksBy Lyat DorBoth books are very professional, easy to use, easy to undrestand the demonstrations,very good illustrations and pictures.
