**Lesley Riley : Creative Lettering Workshop: Combining Art with Quotes in Mixed Media** before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Lettering Workshop: Combining Art with Quotes in Mixed Media:

28 of 28 people found the following review helpful. Misleading titleBy Mary N.If you are looking for a book about LETTERING which title suggests, then this is not the book for you. It is much more about making mixed media collages to go with quotes and about describing that process than about lettering. Little description of different alphabets or fonts, or ways to letter. Only one page on hand lettering, but others on stamping, stencils, transfers, etc. As a book on collaging, it does have good process pictures and a lot of "how to" details on that, and quite a few samples of finished mixed media work. I was misled by the title, only reason I gave it only two stars.12 of 12 people

found the following review helpful. Great Ideas for LetteringBy HandwrittenLifeThis book is an inspirational collection of wonderful artists who use lettering in their art. While it does not teach lettering - it clearly shows some great ideas for what tools to use in a few step-by-step breakouts. What I liked most about his book is that it gives loads of creative ideas for combining artwork with lettering in a mixed media environment (with some fantastic quotes.) I was reminded of a techniques I knew but haven't used recently - using matte medium to "write" lettering, and also introduced to something new - liquid pencil.10 of 10 people found the following review helpful. More mixed media than lettering instructionBy sewandquiltThis is better for the more creative person using lots of mixed media in their work. I was more interested in creative lettering and less in the art media application. I thought the title was somewhat misleading.
