**Trish Phillips, Ann Montanaro : Creative Pop-Up: A History And Project Book: A Fascinating Introduction To Paper Engineering, With 50 Step-By-Step Folds And Projects** before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Pop-Up: A History And Project Book: A Fascinating Introduction To Paper Engineering, With 50 Step-By-Step Folds And Projects:

2 of 2 people found the following review helpful. Well done!By Randall LaueLoved that it has historically accurate part as well as examples of current works. Much better than I was expecting! Examples from well known paper

engineering artists!2 of 2 people found the following review helpful. All around awesome!! Great history of paper engineering and some ...By Ellowyn16All around awesome!! Great history of paper engineering and some neat projects to try. Also, my copy arrived really early, which was cool as well.2 of 2 people found the following review helpful. Five StarsBy jonLove the ideas and all the information and instructions for making great cards. Thanks

Discover the secrets of pop-up papercrafts with this illustrated guide. A fascinating history of movable books is followed by practical advice and techniques, with easy-to-follow projects to create your own original novelty cards.

About the AuthorTrish Phillips is an author, illustrator and paper engineer. She studied Graphic Design at Camberwell College of Art in London, and her interest in paper engineering was inspired by tutor Paul Jackson, a famous origamist and paper sculptor. Ann Montanaro is an avid pop-up book collector, author and researcher. She is the founder of The Movable Book Society, a world-wide organization, which has been promoting pop-up books since 1993.
