Weldons Needlecraft : Crewel Embroidery Old New before purchasing it in order to gage whether or not it would be worth my time, and all praised Crewel Embroidery Old New:

3 of 3 people found the following review helpful. Dated but still goodBy A. FagelsonThis book has your basic how to get started information including how to use a hoop and a variety of stitch diagrams. What for me was the best part was the many pictures of historic crewel in the back. The text is brief and the pictures are black and white but you still get a good idea of what crewelwork looked like in its heyday.2 of 2 people found the following review helpful. Five StarsBy karen k. zydiakgreat buy0 of 0 people found the following review helpful. Five StarsBy JSThank you!!
