1 of 1 people found the following review helpful. Great book as a guide only. Not a true how to manual. By IvanAwesome book, very detailed but if your just starting out you will need more information than what's provided here. I make fursuits and this shows and guides well but it doesn't show actual procedures or more practical ideas. I recommend this but I also would get to know suit makers for help with the finer points not found here. Costume building is an art and we all do it differently so find your style and don't be afraid to experiment. 0 of 0 people found the following review helpful. Five Stars By Ben Campbell Lots of great information in here. Can't wait to get started. 1 of 1 people found the following review helpful. Great product. Arrived as presented By Lone Shark Great product. Arrived as presented. Fast shipping. Price appeared to be reasonable. Purchased for a gift for family member.
