James Underwood Crockett : Crockett's Flower Garden before purchasing it in order to gage whether or not it would be worth my time, and all praised Crockett's Flower Garden:

0 of 0 people found the following review helpful. Classic, Get It Now While There Are a Few Good Ones LeftBy Patricia PaquetteI bought this book in the 1980s, mostly for his advice on planting in containers. Following his suggestions for mixing different plants, I had the most beautiful flower boxes ever. I've moved several times since then, however, and somewhere along the line, I lost it (probably lent it to someone and didn't get it back). I recently started helping my neighbors with the boxes on their amazing terrace and thought back to how much I'd relied on that book. So glad to find it used on , and it came in great condition!0 of 0 people found the following review helpful. So glad there is a Flower one as wellBy R. OConnellSo glad there is a Flower one as well. I've been a huge fan of the

Victory Garden book since the show was first on the air. Use it faithfully every summer. 0 of 0 people found the following review helpful. He always...By too slow... preached the gospel.
