To celebrate Jane Greenoff's 30th year of stitching, this new edition of her classic best-selling book includes 3 new sampler charts, an extended stitch library and a Madeira thread conversion chart. Jane Greenoff uses the historical samplers as the inspiration for 13 unique designs so stitchers can start their own collection. Each project chapter is inspired by a popular sampler style, including alphabet samplers, map samplers, darning samplers, band samplers and house samplers. A beautiful sampler box with storage for sewing accessories is Jane's anniversary project.
