Terrific mix of larger and complex projects with small motifs By C. M. Nelson This book contains several major cross stitch projects based on well chosen iconic works from the Art Nouveau and Arts and Crafts Movements. It also contains lots of small motifs that can be used in a variety of ways.

Cross Stitch Art Nouveau revisits the timelessly popular Art Nouveau style with a fantastic new collection of cross

stitch designs inspired by the period's most instantly recognisable artists. Each of the ten chapters features designs inspired by the work of a well-known Art Nouveau designer translated beautifully into cross stitch. Projects include framed pictures, cushions, bags and even a table runner.

About the Author Barbara Hammet began her career teaching arts and crafts, and history of art. She runs her own business, Wessex Embroidery Collection, designing and selling kits based on historic designs, and this is her sixth book to be published by David Charles.
