GokhaleI have bought many X-stitch designs from Dimensions, Ondori, and other designs based on works of KAFFE FASSETT THOMAS KINCADE. This is the first time I ordered from Cross Stitch Countryside. I am happy with my purchase.3 of 3 people found the following review helpful. Beautiful views of the British countrysideBy Sam's folksThis book contains 8 views of the British countryside with smaller projects based on the theme of each design. There's a country cottage, a harvesting scene with shire horses ploughing a wheat field, a canal barge, a fishing village, balloons rising above a picnic, and my personal favorites, geese in an apple orchard, a bluebell wood, and a beautiful Christmas scene. Recommended for anyone who enjoys stitching detailed pictures.

This is a classic collection of eight idyllic rural scenes for cross stitchers to enjoy from a selection of favourite designers. Each design encapsulates a moment of rustic tranquillity, from a charming cottage brimming with summer flowers, to a bluebell carpet blanketing a woodland scene. Choose from a selection of smaller designs, ideal for making decorative gifts and embellishments for the home, including drawstring bags, cards, coasters and pot lid designs. With clear colour charts, photographs and easy-to-follow stitching instructions it's easy to pick up your needle and threads and escape into the peace and beauty of the countryside.
