**Miky Desein, Elda Filippa, Mariarosa Schiaffino : Cross Stitch: Inspirations in Color** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cross Stitch: Inspirations in Color:

3 of 3 people found the following review helpful. Lovely designs, but infuriatingly misleadingBy bookfreakThere are many beautiful designs in this book. HOWEVER, the charts are NOT provided for the majority of the loveliest and most interesting designs that are shown in the photographs. This includes (which I find unconscionable) the elegant iris band featured on the front cover! That was the design that prompted me to get the book, but the chart to stitch it is not provided.If you're considering purchasing this book, please find it in a bookstore first, and review it CAREFULLY. Chances are, there will be at least one or two designs in each color category that you'd like to do but cannot, because the charts are not included.6 of 6 people found the following review helpful. who doesn't love colorsBy sandra hommersonThis book is divided in color chapters. There are both small and big designs. If you want something to decorate your house or walls just pick the main color and find the design you like. Useful for pillowcovers, kitchen decoration, pictures to hang on the wall and much more. A real inspiration. The charts are clear and vivid. Beautiful pictures.

Book by Desein, Miky, Filippa, Elda, Schiaffino, Mariarosa
