Tedd Arnold : Cross-stitch Patterns for Mother Goose's Words of Wit and Wisdom before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cross-stitch Patterns for Mother Goose's Words of Wit and Wisdom:

1 of 1 people found the following review helpful. Wonderful needlework patterns!!! By The Texan Bookworm I love and I mean L-O-V-E this book!!! I love reading Mother Goose to children, but I love having a little "me time" to work on arts and crafts projects in my spare time. The pictures and designs in this book are gorgeous and I am especially taken with the picture for "I see the moon, and the moon sees me..." Remember, you can use the patterns however you want in regards to needlework - whether it is to make a cross stitch or do needlepoint or even use the illustration as a basis for an embroidery piece. I know that this is not his normal medium to work with, but wish he would do more books of this caliber. Would definitely buy one of fairy tale scenes or Aesop's fables - for example. Mr. Arnold always has unfailingly sweet designs and I love how, on occasion, has taken something scary and made it fun (such as when the child scares the monsters away at the end of Inside a House that is Haunted). 0 of 0 people found the following review helpful. Cute patterns for children's rooms By crafty4I purchased this book because I loved the Mother Goose photo on the cover. I was disappointed to find that the Mother Goose pattern is not in the book, at least I couldn't find it. Also, I thought the book was "new" but it had a label inside with someone's name on it, which tells me it isn't really "new". However, besides these two points I did like the book enough to keep it as it had some really nice patterns that I could use for my grandchildren. 0 of 0 people found the following review helpful. Five Stars By MLJ Beautiful stitchery; this is my all-time favorite counted crossstitch book.

Cross stitch charts based on Mother Goose characters.
