**Eleanor Burns : Cross Stitch Quilts (Quilt in a Day Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cross Stitch Quilts (Quilt in a Day Series):

There is a quilt in the front called a French Wreath that I wanted to make, however the pattern was not in this particular book. No problem, I am making the basket. This is much more challenging than I thought. I am not sure if I will complete the quilt or not. Nice book, though. 0 of 0 people found the following review helpful. happy with this transaction By robert w cates after reading and looking at pictures, can hardly wait to get started on my quilt. Martin I was so happy to receive this book that I started a project right away. The instructions are clear, even for a first timer. Would order more of her books.

Founded in 1975 by working mother Eleanor Burns, the Quilt in a Day series provides detailed instructions for making professional quality quilts in a fraction of the time required by traditional techniques. Using fabric to create cross-stitch designs modeled on original 1920s patterns, this technique is truly revolutionary!

About the Author At Anne's own admission, she knew little about the needle! Yet she was considered a highly successful businesswoman, and pioneer in quilting. We can admire her work today, and be totally amazed by the patterns created by those tiny squares. I know Ann Orr would be impressed with the innovative way we can recreate her charming cross-stitch designs. Read more about the life of Anne Orr in *Soft Covers for Hard Times*, by Merikay Waldvogel, Rutledge Hill Press, 1990.
