**Editors of Crosstitcher Magazine : Cross Stitched Cards for Special Occasions: Creative Designs for Birthdays, Holidays, and More** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cross Stitched Cards for Special Occasions: Creative Designs for Birthdays, Holidays, and More:

1 of 1 people found the following review helpful. Good, Clear instructions and easy to personalize designs By Ida's Girl The best thing about this book is that it includes clear directions for how to make your own cards, and gift tags, as well as how to make the stitched designs. The designs are quite nice and varied to suit a range of tastes and you can easily personalize them for the recipient. I am sure I will be making most of the cards in this book in the future. 0 of 0 people found the following review helpful. lots of variety By Kim T. This book has a good variety of patterns. Some can be finished in a day and others take a bit longer. I like how on the list of materials it has suggestions for alternative

materials. I was able to complete a bunch of cards just with what I had in my craft closet. 0 of 0 people found the following review helpful. Always the best! By Kay A. Bishop Card making is what I do so purchase every book I can find, make the cards I like the best and then pass the book on to someone else! Need all the suggestions I can find as I don't want to do one more than once! You always have the biggest selection!
