Ben-Erik van Wyk : Culinary Herbs and Spices of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Culinary Herbs and Spices of the World:

0 of 0 people found the following review helpful. Five Stars By Laurri Lindsey A fascinating read! This is going into my resource library! 1 of 1 people found the following review helpful. Highly informative By Patricia J Chuson This book is so informative; it is now my herbs and spices bible. It was a great price as well, since my local bookstore was selling it for \$45.00. 0 of 0 people found the following review helpful. Five Stars By T. H. Flowers Wonderful reference book! All of van Wyk's books are wonderfully prepared and full of great information.

For centuries herbs and spices have been an integral part of many of the worlds great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for, among other things, trade, exploration, and poetry. Priests employed them in worship, incantations, and rituals, and shamans used them as charms to ward off evil spirits. Nations fought over access to and monopoly of certain spices, like cinnamon and nutmeg, when they were rare commodities. Not only were many mens fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency.

If youre ready to go beyond the basics and delve deeply into the herbs and spices that characterize the worlds cuisines, then this scholarly reference is for you.
