DJ Short : Cultivating Exceptional Cannabis: An Expert Breeder Shares His Secrets (Marijuana Tips Series)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Cultivating Exceptional Cannabis: An Expert Breeder Shares His Secrets (Marijuana Tips Series):

1 of 1 people found the following review helpful. Insight into a master's philosophy on growing and useful practical

tipsBy BillThis book teaches you to get the most from your growing in a way that is in tune with your plants. You learn what is important when you grow and the practical advice and tips help immensely. You get insight in DJ Short's philosophy on growing as much as his techniques. A wonderful book, I only wish I had managed to get hold of the print copy. I await with baited breath for the next version.0 of 0 people found the following review helpful. ... of print for some time and is not an easy book to find being it's so cherished by all ...By that one guy saysThis book has been out of print for some time and is not an easy book to find being it's so cherished by all who have read it the book I received was brand new never open I'm beyond stoked this transaction needs to be rated at 100s now I need to purchase another copy to mark up and get dirty I just can't bring myself to start bending and highlighting pages in this collector book0 of 0 people found the following review helpful. Good bookBy Kindle CustomerGreat book, full of info, on breeding and history of breeding. A lot of this info is free, naturally, but the book flows well, gives an in depth view of Shorts philosophy, growing and some life. Would definitely recommend. I got the physical version but plan on getting the kindle version as well.

DJ Shorts essays on the craft of indoor cannabis cultivation show how any hobbyist can refine gardening technique and achieve mastery.DJ Short is a celebrated breeder whose collection of seed strains has received international recognition for their premier quality. His first book collects two decades of experience in cannabis cultivation and breeding for the amateur grower. Shorts style is both friendly and thoughtful, offering tips for selecting plants and helping the serious hobbyist finesse their garden for high quality.The first section covers cultivation and each environmental factors contribution to the indoor gardeners success, with an emphasis on organic methods. It includes secrets to customizing lighting, temperature, air circulation, nutrients and supplements. Gardening methods, from sprouting seeds to harvesting and curing are described with quality and flavor in mind.The second section includes essential topics of breeding -- such as selecting plants, collecting pollen, and stabilizing a variety -- with careful consideration of how flavor and quality set a good breeding program apart.Includes photography of Short's varieties and other unique plants throughout, plus 8 full-color pages of exceptional cannabis.
