Its a bear-y good time to celebrate our furry friends, and this quirky collection of felt bear projects is the perfect way to do it. The funky, stylized bears in this book are so versatile from holiday- and activity -themed bears in surfer gear and Santa suits to artistic takes on real bears like the panda and grizzly. There's even bear-inspired jewelry, clothing, pillows, and more. Each project provides step-by-step instructions that are simple enough for beginners and even kids.

Fun stories and interesting bear facts are featured as well. Felt is an ideal fabric for new sewers; it is easy to work with and available in a multitude of colors. The author also includes helpful advice on choosing the right tools and materials, a guide to different stitches, and full-size templates for all projects. 200 full-color photographs.
