MatthewsI purchased this sampler book back in the eighties and made a beautiful wedding sampler for my husband's and my wedding, unfortunately it got given away when accidentally the box containing all my cross stitch books went to Goodwill. I wanted to have this book and was so glad to have found it again. It has the most beautiful borders, alphabets, and ideas to create a one-of-a-kind sampler. The designs can be used for any type of border or embellishment. There is a border with pansies (on the cover), daffodils, asters, winter berries, poinsettias, buttercups, crocus, apple blossoms. pink tulips, and roses and 2 more for a total of 12. The colors are very harmonious and elegant. If you like to cross stitch you will enjoy this book.0 of 0 people found the following review helpful. Babykins stitchery reference libraryBy Tex
