Gerda Bengtsson : Danish Floral Charted Designs (Dover Embroidery, Needlepoint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Danish Floral Charted Designs (Dover Embroidery, Needlepoint):

CHARMING, PETITE DESIGNS By Catherine Cossano This book has the most CHARMING small florals which would be delightful in a European or "cottage" decor! I'm going to make some sachet pouches with these designs on them to place throughout my home or give as gifts. They add a delightful touch to any small project. I thought the suggestion to enlarge the charts on a copier was a good idea. To make the charts even easier to follow, and more interesting to look at, I would suggest coloring the enlarged charts in with colored pencils that resemble the floss colors. I see that DMC has come out with "linen" floss in soft floral colors .

. . I bet they would produce an especially lovely effect. I saw them at A.C. Moore in the cross stitch section. I do not know how these "linen" floss colors are numbered, but I suppose this could be checked out at a DMC website? 2 of 2 people found the following review helpful. LovelyBy Yellow AlmondsThe patterns are really nice. I can't wait to get started on some projects. You would need to copy enlarge them to see well. 2 of 2 people found the following review helpful. Beautiful, simple flowersBy Jenifer M. SwindleI was hoping that this was some cross stitch and some other surface embroidery, but it's all cross stitch. The designs are simple and pretty though.

Embroiderers will welcome this delightful collection of charted designs by Gerda Bengtsson, considered one of the greatest living designers of counted cross-stitch designs. Here are more than 40 exquisite florals, including such favorites as Buttercups, Anemone, Pansies, Spring Flowers, Iceland Poppy, Crowberry, Lapland Rhododendron, Wild Fruit, Sweet Violet, Lady's Mantle, Stone Bramble, and Hare's-Foot Clover. All of the designs are color keyed to both D.M.C. and Danish Flower Thread embroidery floss, and because the chart makes it easy to vary the size of the design they can be used to decorate anything from small pillows to bedspreads. The patterns lend themselves to use not only in cross-stitch, but also needlepoint, rug-hooking, crochet, and other forms of counted thread embroidery.
