Bundy Simply said, this book is wonderful and filled my mind with creative ideas for decorating my own shoes. I'm assembling the supplies and will soon get started. Custom Birkenstocks here I come By Gill Bradley AS a senior I have acquired many sensible Birkenstocks...however I yearned for fun, upbeat, bright colored ones, and discovered this book. Some of my Birkenstocks are now gold, silver, magenta with jewels, colors, clouds :).... If I can do it, anyone can....(the sneaker part looks fun, but didn't try it....) 2 of 2 people found the following review helpful. Helpful Book By Mary A.

Wilson This book was very helpful in advice on how to paint shoes. My only disappointment was that the designs were primarily based on quilt patterns. While lovely, the patterns were just not as modern as I wanted. Otherwise it is an excellent book for shoes painters.

Forget your heart on your sleeve. Wear your passion on your shoes! Paint a quilt on them! On a whim, Annemart Berendse painted a quilt on her shoes to wear to the 2011 AQS quilt show in Paducah. She could barely move through the crowd because people kept stopping her to comment on her brightly colored 'patchwork' clogs. She shares her techniques for creating a quilt design and positioning it appropriately on any style of shoe. She explains various combinations of shoe material-leather, manmade leather, vinyl, and canvas-and markers-pens and paints. Her easy-to-follow directions guarantee foolproof results. In the 11 projects there are 7 different styles of shoes-something for everyone, from truly inexpensive to ultra chic. Her 'grocery lists' assure you'll have every supply needed on hand should you, too, be overcome by a shoe decorating whim. Stand out in any crowd with decorated shoes on your feet.
