I have been working with pyrography gourds for many many years now, always look for a technique I might like better than what I am using. I wish I had seen the reviews first before buying, I am VERY sorry I bought this will hold my other thoughts to myself. I DO recommend an excellent book for wood burning, PYROGRAPHY WORKBOOK: A Complete Guide to the Art of Woodburning, by SUE WALTERS. For growing gourds: GOURDS IN YOUR GARDEN, by Ginger Summit. For many beautiful techniques to enhance your gourd art: THE DECORATED GOURD: Beautiful Projects New Techniques, by Dyan Mai Peterson. 0 of 0 people found the following review

Discover the wonderful art of gourd carving and produce gourd-geous results in a minimal time! Gourds grow in all shapes and sizes, and no two are alike. This book shows you how to prepare a gourd for decoration, and then lets your creativity soar! Step-by-step photos and text demonstrate several techniques you could use, including carving, woodburning, painting, staining, stenciling, and pine needle weaving. The projects covered here include vessels, a hanging potpourri, and an adorable Santa Claus. Patterns are included to get you started, and a color photo gallery displays finished projects.
