If you are looking for intricate and advanced cuttings, this is not the book. If you are looking for simple, nice, and common designs, this book may interest you.5 of 5 people found the following review helpful. Terrific patterns and great multicultural representation!By wordgameI love all things paper and this represents a view to various country's paper cutting themes. There aer a good many patterns that i will use for various events. The instructions are clear and easy to follow. so know i will be successful!0 of 0 people found the following review helpful.
