Five StarsBy Tim ButnerGreat Book!7 of 8 people found the following review helpful. Engaging Sugar Flowers Sprays for CakesBy C. BennettIf you are seeking to create elegant and decadent gum paste flower sprays for a show-stopping celebration cake, this is your book! Decorative Touches by Tombi Peck is a creative and imaginative approach to gum paste flower sprays for cakes. This book encompasses weddings, christenings, Mother's Day, and a harvest cake.What I appreciated most about this book is the attention to detail in the pictures. Showing how to wire a

floral spray was a great way to add value to this book, and a great example of the attention to detail showed by the author. Peck also showcased her originality in the diversity of the projects presented from bonsai trees to a water lily pram. I found the book to be well-written, original, detailed, but regionalized.
