This splendid collection of artworks in miniature spotlights the talents of one of the most important and popular French artists of the 19th century. Sixteen of Edgar Degas's most famous paintings, appearing here in sticker format,

include *The Dance Examination*, *After the Bath*, *Ballet Dancers on the Stage*, *Singer with a Glove*, *L'Absinthe*, and 11 others. Perfect for enhancing stationery items or simply adding to a personal collection, these stunning reproductions will delight lovers of fine art and admirers of works by this major Impressionist.

Portraits of Degas' early career and details on his works use the Art Institute's extensive Degas holdings to provide visual embellishment. Expect a title light on discussion and heavy on visual images, with Boggs tracing patterns of experimentation and innovation which were key Degas contributions. -- Midwest Book Language NotesText: English (translation) Original Language: GermanFrom the Inside FlapAnother title from The Crown Art Library, the most useful monographs available on a wide range of significant artists.
