Others had loved it for its easy to follow instructions and illustrations. They were right. Affordable, easy to follow, inspiring3 of 3 people found the following review helpful. A Magnificent Collection of French Beaded Flowers!By D. CrimThough I haven't had much time since I purchased this book, to go through each of the projects, I must say, the Vintage-style Beauty of many of the Flowers is Wonderful! The designs have a classic style that exudes an ELEGANCE, which is often lost in the french beaded flowers that I see more commonly. There's a lot of competition out there with other french beaded flower books, and I think this one wholeheartedly makes a unique place for itself amongst the bookshelf where my collection of more than 30 french beading books rest. I don't think you'll be disappointed, and surely you will be INSPIRED...I know I was!!!0 of 0 people found the following review helpful. One of my favoritesBy Ashley Y.This is one of my favorite books for projects and ideas. The instructions are clearly written out with pictures to show each step. This is a great book for a beginner or anyone looking to sharpen their skills. The projects are beautiful! When I'm wanting to start a new project,

this is the first book I go to.

It's amazing that objects so beautiful come from such simple techniques! These French beaded flowers sparkle, shine, and surprise, and yet they're made just by stringing beads on wire and wrapping them around to form stems and petals. Some of these flowers serve as eye-catching ornaments; others are sublimely practical, such as napkin rings and tiebacks. Follow the well-illustrated instructions to craft wildflowers, roses, daisies, tulips, anemones, and hydrangeas. For each one, there's a "What You Need to Know" and "What You Will Learn" box as guidance. The dazzling items include Black Tie Candleholders, Forsythia Urn, Lamp Shade, Tulip Tin, Clay Pot Critters, and Mistletoe Ball. A Selection of the Crafters Choice Book Club.

About the Author Donna DeAngelis Dick learned the art of French beaded flowers as a child and has been teaching professionally for the past six years. In addition to conducting workshops and seminars, she is the author of numerous instruction manuals on the subject. Her work can also be seen in "The Portable Crafter: Beading" (1402709331).
