"Digitizing Made Easy" is for every embroidery machine user and commercial machine embroiderer looking to better understand and utilize digitizing software. The author's time-tested method, demonstrated in 250 step-by-step color

photos will help you to better identify the tools of modern digitizing, and the best processes with which to use them. With chapters covering artwork, auto-digitizing, stitch types, mapping and sequencing, underlay and blending, readers will quickly develop a solid foundation with which to explore the endless possibilities of digitizing.

**About the Author** John Deer is one of North America's premiere digitising experts, with extensive experience in commercial and personal embroidery. A third generation embroidery guru, Deer has taught embroidery and digitising for more than 11 years, he's also won 30 digitising awards and owns two digitising businesses.
