July A. Ray : Dishcloths for Special Days before purchasing it in order to gage whether or not it would be worth my time, and all praised Dishcloths for Special Days:

Cute patterns, but incompleteBy Knitting GranmaThe patterns were nice; the pictures were clear; and the colors were bright and cheerful. Why did I give this a lower rating, then? Because the book is titled "special days" and the most important patterns were overlooked. The Easter pattern set did include a cross; but the Christmas pattern set had nothing referring to Jesus. If not for Him, we wouldn't be celebrating the holiday.0 of 0 people found the following review helpful. All are easy to follow patternsBy enid brazierJust arrived and I am preparing to knit every single pattern in this book.All are easy to follow patterns. All are very cheerful and three choices for each special event offers a nice choice. Good to have clear graphs to follow as an option.
