I'm enjoying the learning process a lot more! 3 of 3 people found the following review helpful. Vibrant Designs, Easy-To-Follow By Proper Bostonian I got this book as a gift for someone who is always doing her nails (so much that all of her friends ask her to do theirs!) and I liked that it is all about painting your nails and doesn't involve fancy stuff like gems, etc. While gems could be fun, for me they aren't that realistic on a daily basis, and I like that this book simply involves nail polish. Each page is dedicated to a new design with easy-to-follow steps. The layout and pictures are fantastic! It has a great and creative variety. My only complaint is that in my opinion the book physically looks like it would be bigger online but it's much smaller in actuality - I was really surprised. 19 of 19 people found the following review helpful. Great pictures and Step by Step By Brady Shuman This is the BEST book for Nail Art! Super-cute designs, and complete explanations that are perfect for beginners or people who have been doing nail art for a while.
