Natural And Organic Shampoos At Home (Natural Shampoo - Organic - Soap Making - Homemade and Healthy):

2 of 2 people found the following review helpful. Typos distractBy omnivorous Reader 42Numerous typos really distract from the information. This book needs editing. Recipes are alluded to, but not there (dry shampoo e.g.) That being said, there are some intriguing ideas including the base shampoo formula. Oh, one section refers to an hour-long rinse, but does not explain. Confusing...0 of 0 people found the following review helpful. Great Book, Other than the TyposBy A. DaneThis book has a lovely collection of recipes for making your own natural shampoos at home and provides a good foundation of information about what benefits the different ingredients provide. It is a really good book.Unfortunately, it has a huge amount of typos - all on simple words so you can easily recognize what the word should be - and I'm afraid I had to take a star of my rating for that. The number of typos was really just too ridiculous.0 of 0 people found the following review helpful. Total rip-offBy TSchoThis is a rip-off. It's not a "book", it's a short self-published pamphlet with page numbers. Instead of teaching you to actually make shampoo, it basically tells you to buy castile soap from a store and add things to it. The author should be ashamed to sell this.

DISCOVER: Why Natural Homemade Shampoos are the way to go Have you had problems finding a shampoo that can effectively solve all your hair care ailment?
