By Kate Dolan
I have always loved Donna Dewberry's one stroke painting. I was delighted to find her designs in this machine embroidery book. The designs are lovely and have the colors and blending of one stroke painting. However, being new to machine embroidery I did not check the size of the individual designs. At present I use a machine that has a hoop that will accommodate a 4x4 design. I think that the designs are too dense to reduce from the 7x5 to the 4x4. After I have more experience and talk to my instructor I intend to try and use them. I read and reread the pages of this book and nowhere did I find a reference to the many of the designs being suitable only for the 7" hoop in the information available at the time of purchase. As the instructions for embroidery are generalized, this probably is not the book for the beginner. I have other books from

that are better tutorials. It is a lovely book and I do not regret my purchase0 of 0 people found the following review helpful. Pretty on the Outside...and Inside Too!By Judy DGreat book with easy to follow directions. Was shipped quickly and arrived in perfect condition.1 of 1 people found the following review helpful. Three StarsBy pixieGot very little use from this, sadly. Gave it away, but it had lovely designs for someone else.
