Donna Kooler : Donna Kooler's Cross-Stitch Christmas before purchasing it in order to gage whether or not it would be worth my time, and all praised Donna Kooler's Cross-Stitch Christmas:

0 of 0 people found the following review helpful. very nice designsBy DVD watcherThis book has some really nice designs. The index lists about 35 projects. I'm not crazy about mice and there are a few designs with mice, but those designs are very cute too. Looking forward to making some stockings. It's a little tricky buying any cross stitch book without being able to see the designs available first but I am really pleased with this book. There are some carousel animals, a really pretty nutcracker stocking, a couple of santa stockings, some bunnies and more - nice variety. You

can do stockings, ornaments, put the project in a frame etc.3 of 3 people found the following review helpful. Brilliant Kooler(Again!)By CustomerThere is an expectation when looking for a Donna Kooler book and this one doesn't disappoint. However, the focus is not as varied as some. The works are bright, bold and beautiful and will remain as treasured family pieces but the majority of them are geared to children. My favorites, and outstanding designs for anyone, are the Carousel Animals and the Friendship Pillows. Included are framed works that compliment the Season and others that are striking worked on a black background. I'm glad that I added this to my library. Once again, the price can't be beaten and the book will be treasured.1 of 1 people found the following review helpful. Five StarsBy GWDonna Kooler is the best in cross stitch. Great condition.

Contains a selection of Christmas cross-stitch projects by well-known American cross-stitch designer, Donna Kooler. Illustrated in colour, the book provides grid patterns, colour charts and finishing instructions.
