In fact, when I moved and it had to go into storage, I bought another book just because there are so many patterns in it that I want to stitch. There are so many things in here I want to make for gifts or just for fun. The small patterns can be used for lots of applications though the suggested items such as coasters are a great idea. I like the little purses; I think they would make great and elegant gifts. Larger patterns are beautiful on walls or as pillows, which are suggested. But they would also make beautiful book covers. Donna Kooler's patterns are delightful and inspiring. Whether you want to just stitch up something for fun or you want a big project into which you can sink your teeth and embroidery floss.3 of 3 people found the following review helpful. A Must Have!By dlhIf you love beautiful cross stitch flowers, this is the book for you.Kooler Design Studio has issued some of the most beautiful flower designs I've

ever seen. Not only are the studio's designers talented, but the charting and picture layout is easy to read and understand. Well worth the price, and a must-have in every cross stitcher's library. 5 of 5 people found the following review helpful. Beautiful: simple and challenging
By Customer
I have found that when I want a book with beauty, and style, I can count on Donna Kooler. This is a wonderful example with introductory pieces that are in excellent taste and beautifully executed. Donna Kooler uses color mixing, boldness and blending better, perhaps, than any other designer that I have seen. Her work is bright, beautiful and joyous. But, it is challenging and requires close attention. Is it worth it? Oh, definitely, yes, and what I really like is that every finished piece is a future heirloom. Even a simple single motif makes a treasured gift. Something that anyone who owns it displays with pride.

Donna Kooler, the grand dame of needlework, has gathered together her most brilliant floral motifs in this bouquet of a book that's sure to please her many fans. Along with her award-winning designers, she presents 30 elegant cross-stitch designs with large, easy-to-follow patterns in all shapes, sizes, and glorious colors. The beautifully photographed projects perfect for home decor and gifts include floral coasters, a wall hanging of vibrant irises, a simple-to-sew purse with an evening thistle motif, and a pillow embellished with flowers and the quote, Friendship is a rose without thorns. Plus: details for finishing the pieces with chains and tassels.
