**Donna Kooler : Donna Kooler's Encyclopedia of Knitting Revised Edition (5747)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Donna Kooler's Encyclopedia of Knitting Revised Edition (5747):

0 of 0 people found the following review helpful. Glad I got this wonderful book.By Virginia V. SimpsonWhat a book! The directions and photos are clear and easy to follow The pictures are in color and makes me want to learn to knit the design in every one of them. I'm so glad I got this book. My knitting will now have no excuse for lack of imagination or inability to knit the most complex patterns. This book is such fun!2 of 2 people found the following review helpful. I do not like it as well as the one I ordered for crochetBy DI received the book promptly and in excellent condition. It is very helpful with the stitches I don't use often. The diagrams are not as though as the crochet book by Donna Kooler.2 of 2 people found the following review helpful. Good bookBy Sharon BarryDonna Kooler's

Encyclopedia of Knitting is a great book with lots of detail and pictures. Very useful book and I would recommend as a useful book.

This 240-page book is the complete, authoritative guide to the history, techniques, and patterns of knitting -- and now it's been updated to reflect what's popular in knitting today. Expanded information is given in some areas, and the skill-building projects have been refreshed with up-to-the-minute patterns. Materials, basic techniques, symbols, and abbreviations are clearly written and illustrated to make learning to knit simple. Twenty-two unique projects are stunningly photographed and meticulously charted, with thorough written instructions to guide even a novice. For those whose skills go beyond the basics, advanced techniques and projects will challenge and inspire. The pattern gallery features 150 charts for traditional as well as new knitting patterns. A resource list, cross-referenced index, and bibliography round out the volume.

About the Author Donna Kooler is the founder of Kooler Design Studio, which is now led by her daughter Basha Kooler as president. The California company has a web site at [koolerdesign.com](http://koolerdesign.com).
